Central Pennsylvania's Community College  
LIBRARY & INFORMATION RESOURCES

HACC libraries use the Dewey Decimal system to arrange books by subject.

## Overview

000 Generalities  
100 Philosophy & psychology  
200 Religion  
300 Social sciences  
400 Language  
500 Natural sciences & mathematics  
600 Technology (Applied sciences)  
700 The arts  
800 Literature & rhetoric  
900 Geography & history

The Dewey Decimal system uses a combination of numbers and letters to arrange books.

The numbers are filed as whole numbers before the decimal point, and as decimal numbers after the decimal point. For example:

362  
362.111  
362.12  
362.4

Numbers after the letters are filed as decimal numbers.

362.412 A7  
362.412 A712  
362.412 A7122  
362.412 A8
